

# Early Psychosocial Screening for Better Recovery

For Allied Health Professionals

This interactive workshop aims to enhance the skills and confidence of allied health professionals in conducting early psychosocial screening in workers' compensation settings, supporting optimal recovery and timely return-to-work outcomes.

## LEARNING OUTCOMES:

- Review the current research underpinning psychosocial screening
- Evaluate the benefits of screening and early intervention for improved outcomes
- Describe the role of allied health professionals in psychosocial screening
- Develop practical skills for implementation into clinical practice

## PRESENTED BY:

- **Rhea Mercado**, Exercise Physiologist | Creative Engagement Lead, It Pays to Care | Injury Management Specialist

## EXPERT PANEL:

- **Fiona Belton**, Exercise Physiology Advisor, ReturnToWorkSA
- **Dr Cassandra Zaina**, Physiotherapy Advisor, ReturnToWorkSA
- **Reece Turner**, Exercise Physiologist | Team Leader, Injury Services, EML
- **Dr Thanh Ha**, Occupational Medical Practitioner | Medical Advisor, ReturnToWorkSA
